**But Harry Has Had a Varied Experience.**

(Special Correspondence.) Barborton, Aug. 30.—After leading the officers a wild chase down Tuscarawas ave., and attempting to cut his way out of the Posey House after his capture and incarceration, Harry Hopkins, a youth from Texas, aged 18 years, appeared before Mayor Buel, Thursday, and after telling his story was given some fatherly advice and a quarter by the Mayor and told to "go and find a job." Hopkins was taken in charge Wednesday by Officer Boerstler, who found him begging for food. After his arrest the youth gave half a dozen different names as his own and told various conflicting stories about his life, but it has been learned that he was discharged from the army and fled from his Texas home to escape a distasteful marriage.

**The Warning of Mr. McCarty.**

**Colleagues Declare It Was a Grandstand Play.**

(Special Correspondence.) Barborton, Aug. 30.—Notwithstanding the fact that the Council on Monday night passed the pay ordinance, including the bill of Contractor Wildes, for \$1,241.50 for the Second st. paving, Councilman McCarty notified the City Clerk not to pay Wildes' bill, declaring "You will be violating the laws of the State of Ohio if you do." The warning of Mr. McCarty was ignored by the rest of the Councilmen, who say that Mr. McCarty's desire to get into the lime light is growing upon him more and more. They declare the warning was merely a grandstand play.

The Council passed a resolution, two weeks ago, authorizing the City Solicitor to prepare an ordinance to submit the proposition to bond the city for \$2,000 for library purposes to a vote of the people, but the matter was not brought up Monday night and, though the library could be opened at any time, it will likely still be a long time before there will be a distribution of the books.

(Special Correspondence.) Barborton, Aug. 30.—A gang of Spanish gypsies took the Magic City by storm Thursday, and for a half hour, were busy as bees plying their trade of fortune telling when they were sent out of town by the police officers and threatened with incarceration in the Posey House, should they venture to return. They presented a shocking appearance, some of the women being barefooted.

**Of Col. Sanford Not Left In Europe.**

**Knew at Once He Was In Akron, Because Car Was Late.**

Hon. H. C. Sanford, who has returned from a two months' tour of Europe, said, "I knew it was Akron the minute I struck the town, because I had to wait half an hour for a street car up West Hill," said Mr. Sanford, Friday.

During his two months' tour in which he visited the principal cities of England, The Netherlands, Germany, Switzerland, Italy and France, Mr. Sanford did not forget Akron. Nor was the Man of the Hour forgotten, for amidst all the beautiful and impressive sights and curious customs, the one that appealed most strongly was the election of a Mayor at Venice on Sunday. At Heidelberg, Mr. Sanford was one of a party of 12 that danced a cotillon on a wine keg.

When asked what he thought about the new municipal code, Mr. Sanford replied that he had not had time to read it yet. "A genius that would satisfy His Sarcasm Majesty could not make a worse code than the present form of government," he added.

Dances every evening at Silver lake pavilion until Oct. 2nd.

**PAVING**

**Of a Ravenna Street Abandoned.**

**Council Seemed to Become Tired of the Job.**

(Special Correspondence.) Ravenna, Aug. 29.—After enacting the necessary legislation and holding numerous extra sessions in furtherance of the improvement, the paving of West Main st., has been abandoned by the City Council, because the several bids received were discovered nearly a week after their opening, to exceed the estimate of the engineer. The Northern Ohio has been notified to make a gravel grade along its line of the proposed improvement and there is small prospect now of the subject being revived this year, if ever.

It is said, however, that such a thing might happen, for any citizen of the town could compel the authorities to proceed with the work because the improvement has been legally declared by Council to be a public necessity, and there are not wanting those who hope to see some one take action in this way. The trouble seems to be in finding the man who is willing to make himself the target of those who oppose the improvement. Ravenna is the county seat and political ambitions have always to be reckoned with.

**Kodol Dyspepsia Cure**

When the stomach is diseased all the other organs suffer, hence fatal diseases of the heart, liver, lungs and kidneys are often the result of improper digestion. Kodol Dyspepsia Cure contains all the natural digestive fluids and by digesting what you eat, it cures the indigestion without aid from the stomach, allowing it to rest and regain its healthy condition and permitting you to eat all the good food you want. My rest is often disturbed at night by irregular heart action which I believe is on account of my stomach being overloaded with undigested food. I keep a bottle of Kodol Dyspepsia Cure nearby and a small dose always gives me instant relief. Ed. Thomas, Lettichfield, Ky.

For medicinal use, it has no equal, being a tonic to the weakest stomach, instead of an irritant as all other liquors are, this fact is being now recognized by the doctors, and consequently our trade is increasing in that quarter.

We are now putting on the market a pure distilled Blackberry Brandy, which is in great demand during this season.

**NO TAXES NO INTEREST**

Every dollar paid counts on the debt and there is no way in which your saving can be so securely and profitably invested. These lots are worth now fully 40 per cent more than the prices asked and the moment you buy one you have made money. Anyone can spare the amount weekly required, to own one of these lots. When financial institutions are engulfed in commercial panics, your land—good solid earth—will still remain as an invulnerable guardian of your savings.

To those whose dollars have been carelessly spent for unsubstantial returns, a little meditation will bring reminiscence of the dollar last week and many other weeks, which would have been better invested had they purchased lots—of land—instead of lots of other things. To them, this property affords an excellent chance to "back up" and get on the right road. To the procrastinative, who have built homes always in the phantom future on the sands of sometime, let us say that nothing is ever done except that which is done NOW.

**Description of WAYMOUTH ALLOTMENT On NORTH HILL**

It lies fronting North Howard street on the west, about 300 feet north of the car stop known as Chalker's Landing. Over 100 cars pass this point each day from Cleveland, Kent, Cuyahoga Falls, and from downtown Akron. There is no better car service in this city. Any car, from any part of the city, transferring at Market and Howard sts., will take you to the property for 5 cents. The sewer has just been laid fronting this property, and next month, natural gas will be there too. City water extends to part of the front, and fine well or filtered cistern water can be procured. Schools, churches, grocery stores, (no saloons); city fire protection, free mail delivery, and what is more important than all, good, pure wholesome air, uncontaminated by flying soot and deadly gases from factories, are among the conveniences and comforts now available. All others procur-

able anywhere, are on the march, and the Waymouth Allotment lies nearer in line to receive them than any other on the hill. There are over 3,000 people living on North Hill, and more building is being done or projected than in any other part of the city. The viaduct to the brow of the hill is a thing of certainty in the near future. Private and public interests make it so, and it is bound to come. When it does, property will double in value in a day. Our prices are now 40 per cent. lower than surrounding property has recently sold for. Akron is a city of hills, is rapidly encompassing them with ever increasing numbers of homes, and this beautiful plateau is THE place of all. Our representatives will be on the property every day from now on until these lots are sold. Maps and other information can be had of them, or at our office.

It is a real, tangible, money-making, home-getting opportunity for capitalists, business men or wage earners. It is your chance to profit by other people's exigencies.

From this date, every day (Sundays included) especially LABOR DAY, we will sell at SACRIFICE PRICES, 163 lots on NORTH HILL, and known as the WAYMOUTH Allotment. These are positively the cheapest lots ever offered for sale inside Akron city limits. This is also the last of the nearby accessible allotments in this rapidly growing section.

**LOOK AT THESE PRICES**
